Song of the Sky Loom

Oh our Mother the Earth
Oh our Eather the Sky

Weave for us a garnent of brightness and the start of the star

May the warp to the white light of morning May the west to the red light of evening May the fringes by the falling rain May the border be the standing rainbow and That we may walk where birds sing

Hoders ed Compative may walk where birds sing and the most of whome grass is green

- Tewa American Indian poem

Earl Higgins, our president, will present a slide program at the first trip this summer - a portrayal of city and country from Pennsylvania to Mississippi to California to include scenes of the Grand Canyon, the Painted Desert and the Petrified Forest. Attend the meetings of your organization. Support Earl and the other officers. Not just JVAS members but anyone interested in the Audubon cause is always welcome to attend these monthly meetings. Monthly programs are scheduled, field trips are planned and in the works. The Christmas Bird Count is a traditional meeting of members. Bring your ideas to the group.

An originatreasury. Earl has announced an unpreedented event for the September 26th gathering: original sketch will be raffled at 25¢ a chance, all proceeds going to our easury. It is a Higgins original; Get your chances at the Theater.

### FIRST FALL FIELD TRIP

October 1st, our group will meet at 2:00 in front of the ranger's building of Colerain State Park (Spruce Creek) for a guided tour of a forest clear cut program. Earl will conduct this trip. The 1st is a Sunday. Hawks could well be sighted at this time and place. Also, fall flowers will be abundant then. ranger's building

lead us to Indian Lookout. Earl will explain his work in even age management and time permitting, will us to Indian Lookout. Look for his blue van at the ranger building.

### Hawk Mountain Trip

A group tour of the Hawk Mountain Sanctuary is being planned now for sometime in late October. Located near Kempton, Pa. north of the Krumsville exit of Rt. #22, the sanctuary is famous throughout the world as a hawk/osprey/eagle flyway. It is a pleasant part of our state. Those intrested in going should contact one of the officers.

### New Meeting Place

some thought. building Can anyone suggest a place for JVAS - either a monthly meeting room or liding owned by us? We've been hoping to obtain an office - room or buildso as to give a permanent headquarters to the group. Please give this

## May 1972 Banquet - An Afternote

Everybody enjoyed a nice Chilcoat meal and a chance to see and talk to Alan Miller, our field representative, at the first annual Audubon banquet last May, Many members have said that it would be nice to continue the tradition of meeting for an annual dinner, Alan gave as some helpful advice.

## College Film Series

Wildlife Series. For traveled there for tinue to do so. If Watch the paper for news on the films coming to State College in the Audubon life Series. Forty miles is not too far to go for a good film. Some of us alled there for the films before our own series began and some of us will consto do so. Later <u>Gnatcatchers</u> will advertise these film-lectures.

### American Birds

This publication carries periodic data on birdlife in the U.S. and Canada. includes the Christmas Bird Count issue - which we receive as a group. See hn McCall or John Orr for copies of the count. We are, of course, in it under geographical title of Culp, Pa. ,<<u>,</u> 

Our periodical is named after a great little bird that inhabits our area. Keep in touch with it. Send your ideas and comments for inclusion in it. Just mail in to the address below. If you see any gnatcatchers in the wild let us know about them. Report them to us. Here is, then, a double challenge. in reporting! Teport -
