Altoona, Pennsylvania

Dear Mr. Orr:

Thank you very much for your letter of December 10, 1965.

We are delighted to learn of your interest in forming an Audubon Society in your area. The enclosed literature will give you information on either Branch or Affiliate status in the National Audubon Society. Another, more detailed, Branch Manual will be printed next month and will be sent you at that time.

If your group interests are confined to forming a bird club perhaps Affiliate status is appropriate. However the last sentence of your letter indicates a possible wider scope of interest which leads me to believe you might consider Branch status. To become a Branch you require a larger group of individuals interested in the overall problems of conservation and a willingness to put their shoulder to the wheel in an effort to help solve some of these problems. If you form a Branch each member is a joint member of the Branch and National and receives a subscription to Audubon Magazine as one of the privileges of membership.

You should receive the Branch Manual during the latter part of January. In the meanwhile please do not hesitate to contact me if you have any further questions on this extremely worthwhile endeavor.

My very best wishes for a happy and bountiful Holiday Season.

Sincerely,

Ralph T. Jones  
Director Branch Service
