The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveller, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,
And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.
I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I -
I took the one less travelled by,
And that has made all the difference.

- Robert Frost

July Trip to Portage Railroad

The Field Trip and Program Committees have combined efforts to bring us a well planned outing at the Portage R.R. National Historical Site. This will be the second of three summer field trip/meetings and represents a new emphasis on summer activity in JVAS. Meet at the Lemon House this Sunday - July 28th at 2:00 P.M. (There is a nice parking lot off to the side of the House)

The park naturalist, Paul Okey, will be our guide on the nature trails in the park, and will present a film program at the headquarters center. After the tour we will have an informal picnic supper and meeting. This is a great place with lots of historical significance. If you haven't been to this site yet now is the time. Those familiar with the Portage R.R. site will get to meet the naturalist and other park rangers as well as have a chance to hike on the trails. Also - if you haven't seen the skew arch bridge you haven't seen one of the rarest (only a few exist in the entire world) arch bridges of that type.

TIME: 2:00 P.M. DATE: July 28th - Sunday PLACE: Lemon House - just off

Rt. #22 on the right as you reach the top of Cresson Mt. Look for signs along road.

Farewell to our Friend Bill Mallon

Bill Mallon, a good fellow member and friend, just recently passed away. We will truly miss him. Bill attended and supported our early film lectures and was present at all of our annual banquets. He was very interested in conservation, the out of doors and the Audubon cause. We extend our deepest sympathies to his wife.

Information on Wildlife Care Available

Ron Garback, a member from Imler, Pa., would like to help our cause by giving of his expertise and knowledge in the field of wildlife care, feeding and related sciences. Any questions from members should be addressed to him using the address below:

Ron Garback, Veterinary Assistant
807 N. 6th Street
Millville, New Jersey 08332

His main concern is for the preservation of Pennsylvania's natural wildlife and its habitat. He has and manages 37 acres of timberland which he owns to help in presenting wildlife an area where they will be free - as in a nature preserve.

Mr William Rosevear

August Outing

We will meet at Prince Gallitzyn State Park for a field trip - the third such event of the summer - on August 25th - a Sunday - at 2:00 P.M. A park naturalist will give us the complete guided tour of trails, and other interest points. Meet at the far parking lot - the whole way down from the swimming beach, at lot #3. The naturalist will meet us there. Bring a picnic lunch and cold drinks if you wish.

Don't miss this trip! Bring a friend or friends for another very educational outing. Call Mike Chonko for more detailed directions on how to get to the park and meeting place and on anything else. --- 942-8050.
